

23 POLICEMEN SHAKEN UP.

3 INSPECTORS AND 17 CAPTAINS SHIFTED AROUND.

No changes in the White Light District—No Reorganization Given by Gen. Bingham—Department Wishes to Have Theories—Bingham Does the Worst.

Commissioner Bingham kept his word yesterday. The long promised shakeup took place. Bingham got most of it but Manhattan wasn't altogether neglected. Twenty-three members of the force were ordered to move by 6 o'clock this morning. One inspector, one acting inspector, seventeen captains, two sergeants and two patrolmen were included. It is the biggest batch of transfers yet ordered by Gen. Bingham.

The Commissioner, in announcing the transfers, said that the changes were for individual transfers would be given. "It's a sort of tunnel blowout, and for the good of the service," said he.

Those transferred and their new precincts are:

Inspector George McKinley from The Bronx to the lower West Side, Manhattan.

Acting Inspector William C. Hogan from the lower West Side, Manhattan, to The Bronx.

Capt. John D. Herlihy from White Plains to West 125th street.

Capt. Thomas Cullen from Liberty avenue, Brooklyn, to Amity street, Brooklyn.

Capt. John W. Wornell from Broadway, Brooklyn, to Hamburg avenue, Brooklyn.

Ser. Cornelius Casey from Mulberry street, Manhattan, to Jefferson Market court, New York.

Ser. Patrick J. Farrell from Jefferson Market court, New York, to Mulberry street, Manhattan.

Patrolman William Kilday from Jefferson Market police court to West 125th street.

Patrolman Joseph Sullivan from West 125th street to Jefferson Market police court.

When the Commissioner made the transfers public Headquarters was filled with cops who were on trial before Deputy Marbot and who were using their spare moments between trials to talk over the return to the old precincts.

They forgot their troubles long enough to talk about the shakeup, and old times immediately set about ascribing reasons for each shift.

Acting Inspector Hogan was reduced from an inspectorship some time ago, and the wisecracks did not stop when he was put in line again for promotion, though no one could explain why.

Capt. Herlihy's transfer was made by the light days on the East Side, and his return to Manhattan is looked upon as a return to favor.

Capt. McIlroy is labeled in the department as a former Deputy Commissioner McAvoy's man; and this, according to the wisecracks, is sufficient to account for almost anything that happens.

Capt. Thompson is a young captain. He was made by McAvoy, and his transfer to West 125th street is looked upon as a step up.

Capt. Cullen made a name for himself when a sergeant by going to Far Rockaway when Joe Cassidy was its czar and cleaning it up.

Capt. John Farrell's transfer is looked upon as a rebuke brought upon him by his trouble with the boxing clubs.

Capt. William Hogan has been a long time in Staten Island, and no other reason was assigned for his restoration to Manhattan.

Capt. Frederick Cullen, one of the popular police captains, is labeled by the force with a Tim Sullivan tag. Some said this helped his transfer from Brooklyn to Harlem.

Capt. Dennis F. Ward's transfer is said to be due to a recent visit paid his precinct by Commissioner Marbot, who was openly solicited on the streets by women of the precinct.

Capt. Devaney is said to be a creation of Morrissey (the district leader of the Tenth ward, Brooklyn, and Devaney now goes to the Tenth ward precinct. Capt. Cullen is said to be a close friend of former Commissioner of Sewerage James McClellan, who is a young captain. He was made by McAvoy, and his transfer to West 125th street is looked upon as a step up.

"TOWN TOPIC" WINS A POINT.

Editors Can't Move Bill of Particulars in Their Own Right.

The Appellate Division of the Supreme Court affirmed yesterday the decision of Justice Ames denying the application of Peter F. and Robert J. Collier for a bill of particulars from the Town Topics Publishing Company showing just how the company was injured by the articles in Collier's Weekly which led up to the criminal proceedings against Col. Mack of Town Topics.

The Town Topics Publishing Company in suing the Colliers for \$100,000 alleged that the plaintiff corporation had suffered great loss of revenue and "profits from advertising, sales and subscriptions, and that persons have declined and refused to deal with the plaintiff.

The Colliers moved for particulars showing just how the Colliers had suffered from the Town Topics and for other details in connection with the case.

The article is libelous per se. It is in effect, charges the plaintiff with black-mailing, and is libelous per se, then the law presumes general damages to have been sustained and it is not necessary, in order to justify a recovery on that ground, that the damages should have been specifically pleaded or proved.

FOUGHT WITH HER AUTO DRIVER.

Woman Who Said She Owned Car Paid Her \$10 Fine and Let Driver Pay His.

Mrs. Laura Meyers, who says she lives at the Hotel Hamilton in West Forty-fifth street, and her auto driver, Harry Boies, were fined \$10 each by Magistrate Moss in Jefferson Market police court yesterday.

The charge was disorderly conduct.

Policeman Christian Twillingham told the court that he found the pair in the front seat of a large touring car at 3 o'clock yesterday morning exchanging blows and hard words.

The woman is pretty, but her face bore several ugly scratches. She wore a long automobile coat and was otherwise fashionably dressed. She said that she owned the car.

Both defendants pleaded that they were only discussing the best means of fixing the machine, which came to a sudden stop at 58 Greenwich street.

There was a grin in the court room as Mrs. Meyers retired to a secluded anteroom and extracted a roll of bills, from which she took a ten-dollar note and paid her fine. She let her chauffeur pay his fine, and he didn't like it.

WHY SHE'S MCGARRIN'S WIDOW.

Ceremonious and Unceremonious Marriage Both Figure in Her Claim.

Hester McGarren has begun a suit in the Supreme Court to establish her dower rights in the estate of Alexander McGarren, who died on June 25, 1906, at 104 West 122d street.

McGarren was 73 when he died, and left an estate valued at over \$200,000.

Nine cousins have laid claim to the estate and all of them deny that the present plaintiff has any claim as a widow.

McGarren had his marriage to her annulled in 1902. She says (1) that she was never served in the action, and (2) that after the annulment McGarren and she entered into a common law marriage contract at Atlantic City.

NEW ROCHELLE BOODLE STORY.

Indictments Against Somebody Expected Next Week.

Assistant District Attorney Nott examined three New Rochelle Aldermen yesterday in connection with the charges based on the application for a franchise for the State Line Telephone Company. Mr. Nott wouldn't give the names of the Aldermen examined yesterday. He said two more Aldermen would be examined to-day. Originally the charges involved only five Aldermen.

From the nature of Mr. Nott's investigation it is evident that some action will be taken by the Grand Jury. It is expected that indictments will be filed next week.

BURNER MAKES MISTAKE.

Prosecutor Said Burner's Lawyer Was Under Indictment.

The trial of Jacob Guttenberg, a truckman, for larceny was stopped and the jury discharged yesterday because of a dispute between Assistant District Attorney Miner and Aaron J. Levy, counsel for Guttenberg. The two lawyers had been hectoring since the trial began, and yesterday while examining one of the prosecuting witnesses Levy was interrupted several times by Mr. Miner, who objected to his questions. Finally Levy told Mr. Miner to mind his own business.

You had better see about the indictment against you," said Mr. Miner. Levy jumped to his feet and asked that the jury be discharged and a mistrial ordered because Mr. Miner's remarks were unfair and prejudicial to his client's interests.

Judge O'Sullivan, before whom the case was being tried in General Sessions, had been reading a brief and hadn't heard what Mr. Miner said. When the stenographer's minutes were read, however, he granted Lawyer Levy's motion. Then Judge O'Sullivan called both Mr. Miner and Levy to the bench and had a heart to heart talk with them.

It was in this case that Judge O'Sullivan practically accused a witness, the other day, of committing perjury. The indictment against lawyer Levy that Mr. Miner referred to grew out of the election case. He is accused of having illegally advised a registration board in Borough President Adams' district. He says he has tried to get a trial, but has been unsuccessful because the Attorney-General's office is too busy.

THREE BROTHERS PARTED.

Two Within Two Weeks and the Third Goes to the Home for the Blind.

After attending the funeral of his brother, Samuel Noyes, who died of apoplexy on Tuesday at his home, 628A President street, Brooklyn, John F. Noyes was placed in the Brooklyn Home for the Blind in Washington avenue, where he will pass the remainder of his life.

For several years John F. Noyes, who is totally blind, had lived with his brother Samuel and another brother, George, in the President street house.

The three brothers, who were unmarried, were devoted in their attentions to their blind brother. Two weeks ago George died suddenly of heart failure, and worried over his loss is believed to have hastened Samuel's death. Directly after his return from the interment of his brother yesterday John was driven to the Washington avenue home.

WENZEL TO ELECTRIC CHAIR.

Slayer of Saloon Keeper Spatz Convicted of Murder in the First Degree.

John Wenzel has been convicted in the County Court, Brooklyn, of murder in the first degree for the killing of saloon keeper George Spatz of Marcy avenue and Hopkins street on July 7. He is 33 years old and unmarried. He had been out of prison only a few days when he committed the murder.

He became violent in his visit to the saloon and was ejected. Returning in a few minutes he threatened to be revenged, and coming back a few hours later he drew a revolver and fired three shots at Spatz, each taking effect. The jury deliberated for seven hours before agreeing on the verdict. Judge Aspinwall denied a motion for a new trial and said that in all his twelve years on the bench he had never heard of a more dastardly crime. Wenzel will be sentenced on Monday.
